03 Numbers were the next highest improvement at 8%

You'll Get More Customers

We conducted a survey with 100 of our customers asking them

"Would a free phone number have a positive influence on whether you would do business with a company?"

92 said YES

Remove Geographic Restrictions

08 numbers allow you to advertise your business anywhere in the country without losing out to "local business"

Prospective customers will choose "national" businesses over "local businesses" in many cases due to the perception of size and reliability.
